### Medical Law

Date 23/03/2022

#### What is it really?

The concept of Medical Law and Ethics basically looks into the inherent rights that patients have regarding the privacy of their medical records, doctor--patient confidentiality, the right to obtain emergency treatment and so on. This field essentially sees you as juggling between two apparently diverse and widespread fields, where your playground is the various ethical considerations that have to be taken seriously while delving into medical science and the various procedures involved.
